# October, 1933, Price List of Superior Glads

Again I present my fall list of Glads with a wide selection of the better newer varieties. This year I have a larger stock of the new varieties than ever before but as in other years, some varieties will likely be sold out before my spring list is issued. The new list which will include some varieties not offered here will be out in January or February. There will be no complete catalogue this year as last season but only a supplement will be offered with descriptions of varieties not listed a year ago and new prices on the other varieties. If you have not received my 1933 catalogue, I shall be glad to send you a copy if you write for it.

While as stated above, I will not issue a large illustrated catalogue this season, the photo contest as outlined in the 1933 catalogue is still open and all Glad fans are invited to compete.

One or two new varieties will likely be introduced this season, but they will not be offered until my spring price list is printed. Reports on Christabel, my last year's introduction, have been gratifying and I trust that next season shall witness the appearance of this variety in many more gardens. I have had some good reports on Thor but it has not been as good in my own garden this year as previously. Possibly this was due to the soil and season as late blooms from small bulbs were better than the early blooms.

## TERMS

As the expense in packing and shipping large orders is little more than for small ones, I make the following discounts: on orders over \$5.00, a cash discount of 10% is offered; on orders of \$10.00 or more, 15% discount; for \$25.00 or more, 20% discount. These discounts do not apply on the collections offered on the back page nor to Christabel, Mildred Louise, or the new Palmer varieties.

Bulbs free from thrips, true-to-name, and healthy. Delivery can be made about Dec. 1st or in the spring. All stock prepaid except varieties listing at less than \$5.00 per 100 which are not prepaid to foreign countries in which case 50 cents per 100 should be added for large bulbs and 20 cents per 100 for medium bulbs. Other sizes prepaid. Five bulbs offered at the ten rate and 25 at the hundred rate. Where not otherwise priced, one bulb or bulblet may be purchased at one-eighth the ten rate if the item will not amount to less than 10c. For larger quantities of Picardy, Bagdad, Christabel, and Thor, write for prices.

Be sure to look over the collections offered at the end of the list, and if you want a gorgeous showing of color in your garden during the months of May and June, I would suggest that you get some Lupin and Delphinium seed. It would be hard to imagine a more showy garden than a large planting of Lupins.

## DELPHINIUM SEED

Seed of the highest quality from crosses between my best plants for 2.50 per packet of about 100 seeds. This seed should give a high average of exceptional plants. Seed from plants with 2 1/4 in. to 3 inch flowers for \$1.00 per liberal packet. Hoodacre whites at the same price. These latter seeds are not crossed.

## LUPINS

From a splendid strain of hybrid lupins. Seed 25c per packet.
